Program Sponsorship Proposal

ABOUT COMMUNITY SUPPORT ADVOCATES (CSA)

Community Support Advocates (CSA) is a non-profit organization that partners with individuals and families living with disability or mental health conditions for growth and resilience. We support Central lowans by connecting them with services that support day-to-day living, community integration, and creative expression.

ABOUT MOMENTUM ART PROGRAM

Momentum provides free art opportunities to underserved populations. We offer art exhibition and promotion opportunities, art training and mentorship, access to free studio space and supplies, and Momentum creates a community of artists for support and creative connection. We promote hope and resilience through art.

THE POWER OF ART: MOMENTUM'S COMMUNITY IMPACT

Resilience and The Benefits of Art:

Art is a universal language. Art has the power to make us feel desperately alone or infinitely connected. It has the ability to reach across distance and time, across perspective and experience. Art tells a story and those stories build understanding and community. The Momentum program helps artists use art to find their voice and share their stories.

Take Up Space Art Exhibition:

This June, Momentum will present a series of immersive art experiences through the perspectives of artists with disabilities. The exhibition features artist Abby Neiderhauser and her experience with autism, and artist Leo Bird and his experience with autism and social isolation as well as other artists and their experiences with mental health and neurodiversity. Take Up Space will be open to the public the first few weeks of June, with an opening reception June 2, 2023. Take Up Space will create space for us as a community to learn from each other, address stigma and normalize conversation around mental health and disability through art.

Benefits of Sponsoring:
