CREATING HOPE TOGETHER

\$2.5M Fundraising Campaign
addressing our mental health crisis

Opening June 2024! Community Support Advocates Integrated Behavioral Health Clinic

Dear Friends,

Mental health is a topic that pervades every facet of society, and as demand for services vastly outpaces available resources we are seeing far-reaching consequences for youth with severe mental and intellectual disabilities who are uninsured or underinsured.

We have worked on the front lines of Central Iowa's public health network for over 25 years. Our community needs all hands on deck – and we're ready! Our new location is larger, more accessible, and allows us to expand services economically.

We are writing a new chapter for youth behavioral health services.

Please join us and let's CREATE HOPE TOGETHER!

CREATING HOPE TOGETHER

teamcsa.org/donate

“There is definitely hope. If not for CSA my son would have been either in jail or he would have killed himself.”

- Maureen West, parent of coordinated care client

who is community support advocates?

- **WE SERVE** Central Iowa’s most vulnerable individuals and their families who are impacted by disabilities, mental health issues, and traumatic brain injury.
- **WE WORK** with first responders, children’s services, disability services, court systems, supportive housing, hospitals, jails, schools and many other organizations in Iowa’s Polk County and surrounding areas.
- **WE SUPPORT** day to day living, community integration, and creative expression.
